

HELPING YOU THROUGH THE TAPE

Find your way through the mass of business regulations with support and advice from your local Chamber and local authorities

Your Local Better Regulation Office is helping to cut the burden of red tape on your business - and help you cut through the regulations for licensing, environmental health, trading standards and health and safety.

Every single one of them affects your business, yet you can make them work for you, not against you.

At this seminar, you'll learn -

- How to save money, time and effort on compliance
- What regulation is for
- What we're doing to reduce the burden of red tape
- Develop a closer working relationship with your council regulatory services team

There'll be an invaluable Q&A and networking session, where you can meet other businesses and develop a deeper understanding of what compliance means for you.

So whether you're from a school or a hairdresser, a restaurant or a retailer, this is a superb opportunity to find out how you can benefit from the support your local authority is ready to offer.

Tuesday 20th October 2009
10am until 1pm

Followed by a networking buffet lunch

*Merley House, Merley House Lane,
Wimborne, BH21 3AA*
